WHAT IS KNOWN OF GESARA...
GESARA is a plan for the quantum reset of our global financial system. This diagram blends real-world, established facts, events, and agencies with theoretical, or possibly insider-leaked, plans to correct the critical financial problems our world faces, with the technology of blockchain and quantum computers, and the common sense of asset backed currency. The new financial system will be the QFS (Quantum Financial System). It will be transparent, free of corruption, efficient, safe, global, and digital, and it will be established through GESARA.

nesara : NATIONAL ECONOMIC STABILIZATION & RECOVERY ACT

108TH CONGRESS OF THE UNITED STATES OF AMERICA

A tale was once told, many ages ago, of a time when there was abundance for All! The labors of Man were carried out with pleasure, and in extravagant ways that far exceeded the basic need for survival. As a spiritual-ly-directed financial program, NESARA traces back to the work of St. Germain and three other ascended masters. That work began in the 15th Century and was designed to provide a new economic system for the world during the present time of transition. When Saint Germain learned the alchemical arts and acquired the Philosopher's Stone he saw a path to unlimited prosperity for Mankind, but Dark Forces stood in his way, and prevented Man from achieving those heights which were possible, choosing to instead squander away all the worlds wealth into their own coffers, in a desperate bid to rule forever. Their last rodeo is now, for nothing can stop NESARA.

WHAT is KNOWN of GESARA

GESARA (Global Economic Security & Reformation Act) is a plan for the quantum reset of our global financial system. This diagram blends real-world, established facts, events, and agencies with theoretical, or possibly insider-leaked, plans to correct the critical financial problems our world faces, with the technology of blockchain and quantum computers, and the common sense of asset backed currency. Our current system of banking was created for the express purpose of moving the wealth of the world into the hands of the EL-ite. A militarily backed redistribution is urgently needed. This need was addressed by an international Alliance known as the White Hats, working with benevolent extraterrestrial races and the Federation. The exact timing and details of how this financial restructuring will take place have yet to be determined on this timeline, however, as more people come to understand how our previous financial system grifted the planet, they will, as a result, demand a new system that is transparent, free of corruption, efficient, safe, global, and digital. That system will be the QFS, and it will be established through GESARA. A.145

[and financial institutions]
